Current News

The parking lot entrance to the lake will be closed for approximately 3 hours on the morning of Tuesday, April 25, 2017. We apologize in advance for any inconvenience that this may cause you.

The broken culvert that was detected in the parking area near the entrance to the lake in late January will be repaired on Tuesday, April 25, 2017. A new electric line will also be installed from the incoming electric pole to the docks. This will require a ditch to be run across the entrance of the parking lot and down the fence line to the docks. The company installing the electric has indicated that the entrance to the lake will only be closed for a maximum of three hours on Tuesday morning, April 25. The total repair is expected to be completed in two to three days. While we are having new electric run to the docks, the company will also install conduit pipe for us to run wiring for security cameras as well as a water line that can be connected in the future. This will save us the added cost of retrenching for these in the future.

Thank you for your patience and understanding while the work is being completed.

Another reminder of the Town Hall meeting **April 27th 6:00 PM at the Grand Lodge in Juniper Ridge. Hope to see you there!!**
